Exhibition and Sponsoring Brochure

We hope to welcome you on June 6&7 2018 on the Hönggerberg Campus of ETH Zürich!

The Swiss NanoConvention brings together Swiss and international leaders from science and industry in the field of «nano», key figures in innovation and technology, entrepreneurs, investors, administrators and politicians. The Swiss NanoConvention is a platform for connecting people, networking, debating and exchanging ideas – or even generating new ones. Key players are able to gather the best available information on the potential, but also on the risks of one of the key emerging technologies of the 21st century, and its opportunities for innovative technologies, products and services.

In short: The Swiss NanoConvention is the prime showcase for nanotechnology in Switzerland, jointly organized by the «who-is-who» in the Swiss nano scene. It is the venue for meeting the great minds in nanoscience and -technology.

Key topics of the conference include Nano for information and communication technologies, life sciences, optics, energy and materials for a sustainable development. The two-day program will feature plenary talks, topical sessions, discussion platforms, poster sessions and ample opportunities for in-depth and informal networking.

Sessions of this year's conference will be:

- Design of New Materials
- Nano-Fabrication & Nano-Devices
- Bio inspired Materials
- Advanced Analytics
- Nano-Optics
- Nanoparticles in Plants

An important feature of SNC 2018 will be the exhibition of related equipment, products, software and services, which will be held in conjunction with the conference. We are also proposing an attractive sponsoring program. As an exhibitor or sponsor, you will get an opportunity to:

- Present your company or institution to the key players from academia and industry in Switzerland
- Increase your visibility and recognition in this community
- Present your products or services to the researchers and decision makers in the field of Nanotechnology
- Expand your network

The conference program and layout have been structured to maximize the opportunity for participants to visit the technical exhibition during coffee breaks and poster sessions. We recommend you to join our exhibition and sponsoring program.

Dr. Yargo Bonetti
ETH Zürich

Conference Venue

The Swiss NanoConvention 2018 will take place at ETH Zurich, Hönggerberg Campus, Building HPH

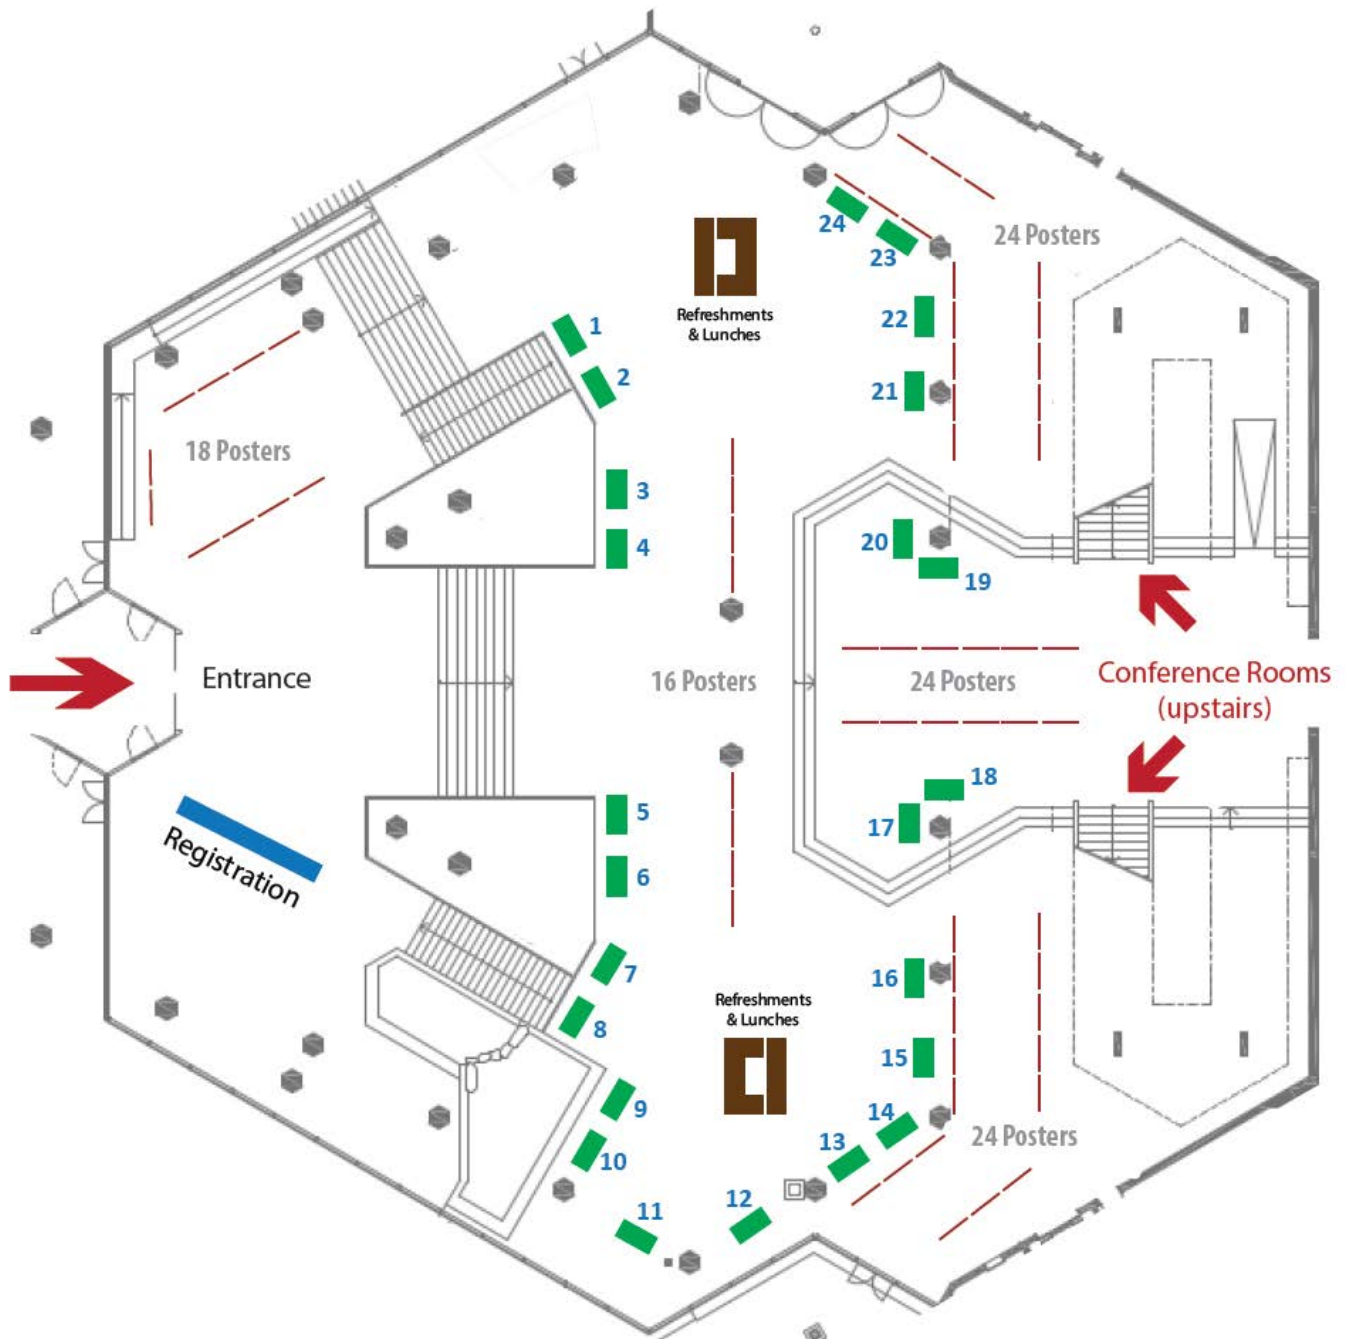

Organizing Partners:

Exhibition Space

Floorplan of Exhibition Space

- Available booth
- Reserved booth

- For visualization purposes only (not to exact scale).
- Subject to modification.
- Version as of January 18, 2018.

Exhibitor/Sponsor Packages

Gold Sponsor: CHF 10'000 (VAT exempt.)

- ✓ Logo Displayed on the conference stage at all times
- ✓ Visibility (logo) as Gold Sponsor on all communication supports
- ✓ Logo with link on the home page of the convention web site
- ✓ Full exhibitor package (see below)
- ✓ 20 participant entries for co-workers / clients

Silver Sponsor: CHF 5'000 (VAT exempt.)

- ✓ Visibility (logo) as Silver Sponsor on all communication supports
- ✓ Logo with link on the home page of the convention web site
- ✓ Full exhibitor package (see below)
- ✓ 10 participant entries for co-workers / clients

Bronze Sponsor: CHF 3'000 (VAT exempt.)

- ✓ Visibility (logo) as Bronze Sponsor on all communication supports
- ✓ Logo with link on the web site of the convention
- ✓ Full exhibitor package (see below)
- ✓ 5 participant entries for co-workers / clients

Exhibitor package: CHF 1'800 (VAT exempt.)

- ✓ Table for brochures or product display (approx. 4m² ground area) with 1 x 220 VAC electricity
- ✓ 1 Poster boards provided by the organizer or roll-up displays provided by exhibitor
- ✓ Visibility (logo) as Exhibitor in the convention brochure
- ✓ Logo with link on the web site of the convention
- ✓ 2 participant entries
