

Are you a recent START-UP in Nanotechnology? Join us at the SNC-2018 !

At the Swiss Nanoconvention 2018, <http://swissnanoconvention.ch/2018/>, we launch for the first time a friendly competition between start-ups in Nanotechnology that were founded between 2013-2017. You can present your start-up in front of the SNC audience in a dedicated session. The winner will receive the **nanotech start-up prize** of SFR. 10'000.- sponsored by the Swiss Nano- and Microtechnology Network (Swiss MNT).

How to participate: Submit a short description of your start-up **of max. one A4 page** directly to Christian.Schoenenberger@unibas.ch containing information on your product, when and from where your idea was born, when the start-up was inaugurated, weblink, fact numbers (start date, current size, turn over etc), what business you are targeting and how you see your short to midterm future. **Deadline: 31st of March**

Preselection: A committee of the Swiss MNT network will select a maximum of 8 applications who will be invited to join the nanotech start-up session at the SNC.

Showcase at the SNC: Selected start-up's (see before) will get 10-15 Min. (depending on the number of invited start-up's) to present their case to the audience. To select the winner, we will use an electronic voting system and all persons in the room can rate your start-up / presentation.
