Swiss NanoConvention 2022

Fribourg • July 5-6, 2022

The Swiss NanoConvention brings together Swiss and international leaders from science and industry in the field of «nano», key figures in innovation and technology, entrepreneurs, investors, administrators and politicians. The Swiss NanoConvention is a platform for connecting people, networking, debating and exchanging ideas – or even generating new ones. Key players are able to gather the best available information on the potential, but also on the risks of one of the key emerging technologies of the 21st century, and its opportunities for innovative technologies, products and services.

In short: The Swiss NanoConvention is the prime showcase for nanotechnology in Switzerland, jointly organized by the «who-is-who» in the Swiss nano scene. It is the venue for meeting the great minds in nanoscience and -technology.

We are happy to announce that SNC 2022 will be organized as a traditional Face-to-Face event. The upcoming edition marks the return of the Swiss NanoConvention to the FORUM FRIBOURG – the site of a very successful SNC 2017.

Key topics of the conference include Nano for Medtec, life sciences, optics, quantum computing, and imaging and will discuss current developments in the field of micro-and nanoplastic in a podium discussion. The two-day program will feature plenary talks, topical sessions, discussion platforms, poster sessions and ample opportunities for in-depth and informal networking.

An important feature of SNC 2022 will be the exhibition of related equipment, products, software and services, which will be held in conjunction with the conference. We are also proposing an attractive sponsoring program. As an exhibitor or sponsor, you will get an opportunity to:

- Present your company or institution to the key players from academia and industry in Switzerland
- Increase your visibility and recognition in this community
- Present your products or services to the researchers and decision makers in the field of Nanotechnology
- Expand your network

The conference program and layout have been structured to maximize the opportunity for participants to visit the technical exhibition during coffee breaks and poster sessions. The organization of such an event relies on the generous support from partners and sponsors, therefore, we invite you to join our exhibition and sponsoring program.

On behalf of the entire SNC 2022 Organization Committee,

Prof. Barbara Rothen Rutishauser  
Adolphe Merkle Institute  
University of Fribourg, CH  
Swiss MNT president

Prof. Alke Fink  
Adolphe Merkle Institute  
University of Fribourg, CH

Dr. Amélie Bazzoni  
Swiss NanoAnalytics  
University of Fribourg, CH

## Exhibitor/Sponsor Packages

### Gold Sponsor: CHF 10'000 (+ 7.7% VAT)

- ✓ Logo Displayed on the conference stage at all times
- ✓ Visibility (logo) as Gold Sponsor on all communication supports
- ✓ Logo with link on the home page of the convention web site
- ✓ Full exhibitor package (see below)
- ✓ 10 participant entries for co-workers / clients

### Silver Sponsor: CHF 5'000 (+ 7.7% VAT)

- ✓ Visibility (logo) as Silver Sponsor on all communication supports
- ✓ Logo with link on the home page of the convention web site
- ✓ Full exhibitor package (see below)
- ✓ 5 participant entries for co-workers / clients

### Bronze Sponsor: CHF 3'000 (+ 7.7% VAT)

- ✓ Visibility (logo) as Bronze Sponsor on all communication supports
- ✓ Logo with link on the web site of the convention
- ✓ Full exhibitor package (see below)
- ✓ 3 participant entries for co-workers / clients

### Exhibitor package: CHF 2'000 (+ 7.7% VAT)

- ✓ Table for brochures or product display (approx. 4m<sup>2</sup> ground area) with 1 x 220 VAC electricity
- ✓ 2 Poster boards provided by the organizer or roll-up displays provided by exhibitor
- ✓ Visibility (logo) as Exhibitor in the convention brochure
- ✓ Logo with link on the web site of the convention
- ✓ 2 participant entries
